Hello Ms. Lohr,

Thank you for your comments. As stated in the notice of preparation, up to 50 percent of the new units would be designated affordable to persons earning between 55 and 120 percent of the area median income and would be distributed throughout the site.

Thank you.

Dear Ms. Poling,

I am very concerned about the Balboa Reservoir project. Will there be adequate parking for City College? A large proportion of the students commute to school by car. Let's not make it difficult for them.

How much affordable housing will there be? It should be reserved for City College teachers. Part time teachers have an especially hard time managing to live in SF, and they are over half the faculty.

Thank you.

Janet Lohr
