Subject: Re: Balboa Reservoir Design/DSG Kick Off

I hope everyone had a nice holiday weekend and found some sun somewhere.

The revised Deliverables/ Meeting schedule and DSG outline are attached. We are proposing three main topic meetings with Planning- Public Realm, Buildings/ Massing/ Architecture and Sustainability leading up to the

December submittal with a 4th meeting if necessary to complete the 1st draft. If we need more frequent check-ins we can add them as a topic in the Planning RDP weekly check-ins.

Please review the revised DSG outline. The chapter order has been restructured to work from the framework to the and public realm down to the building specifics and the Circulation and Transportation chapter has been expanded to incorporate the elements of the Streetscape Master Plan.

I will be working to flesh this out in the next couple of weeks and appreciate any comments you may have.
