**Subject:** Balboa - supplemental non-CEQA transportation study

Hi Jon,

I hope you are enjoying your summer. As you know, the Draft EIR was released last Wednesday for Balboa. The project sponsor has also published their supplemental non-CEQA transportation analysis for public review. I've pasted the link below for you to download it. We will be discussing this analysis at the September 30 CAC meeting, which will focus on transportation, but I am sure the developer would be able to answer any questions you or the BRCAC may have in advance.

Please circulate the link to the other BRCAC members (or I can if you'd prefer).

Thank you! Leigh

BRCAC Website

<https://sfplanning.org/project/balboa-reservoir#info> – it's the last item under the Materials and Links list titled "Non-CEQA Transportation Analysis Final Memo - Topics include Parking Supply and Demand, Vehicle operations, and feasibility of shuttle service"
