Subject: October scoping meeting

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hi Jeanie,

The link to the minutes for the Balboa Reservoir project scoping minutes shows a portal with a username and password page.

How does a person access these minutes?

Also, the audio from that meeting is not listed linked online. How does someone listen to the audio from the scoping meeting?

Isn't it important that information like this is easily available, especially right now during public comment?

Might you please help on this?

Thanks,
Christine Hanson
