Dear Members of the SF Planning Commission,

I am writing to urge you to support the Balboa Reservoir Project, which would create 1,100 new units of housing, 50% of which would be subsidized affordable units. The entire Bay Area must do more to build housing, both market rate and below market rate, in order to address our chronic housing crisis. I live in the vicinity of the project (zip code 94112), and I welcome the prospect of having new housing occupy what is currently a 17-acre surface parking lot.

Thank you,
Phil Crone
