Dear public servants,

As a member of your community I am thankful for the hard work you put in to improve our city and support our citizens. I am writing to register my viewpoint on the matter of the development of the Balboa Reservoir parking lot -- which is up for public comment today.

Everyone in SF is shouldering the burden of an extreme lack of housing supply. This state of affairs puts enormous strain on those among us with the least means, and drives people to blame any number of important but ultimately tertiary reasons for the strain. I am writing this note to make clear that as a member of the community I wholeheartedly support attempts like this one to increase housing density while supplying (50%!! amazing) subsidized units. Unfortunately, I am afraid the folks in the community who speak the loudest will be the ones who oppose all development, not understanding that by restricting development of new housing they will only increase our peril.

Please do the right thing by your community and your city and forward this beneficial project.

Aaron Smith,
San Francisco, CA
