to Jeanie Poling, Senior Planner

I restate here the initial text of the comment submitted as an attachment.

The cover image for the Draft SEIR of the Balboa Reservoir Project, case no. 12018-007883ENV, shows a large and nearly empty lot and thus does not fairly represent the actual usage of the Lower Reservoir site when City College is in session.

To support this contention, I append the following newspaper story from the Guardsman newspaper (CCSF) from September 13, 2017 titled "Parking crisis raises Balboa Reservoir Project concerns." The story was written by Bethaney Lee; photo credits for Otto Pippenger.
