Homelessness and housing insecurity impacts some of my students every semester. It is commonplace for students to leave school due to housing loss or a housing crisis. Please help our community college students by creating short term housing options for CCSF students experiencing an emergency. Short term housing for students is needed in San Francisco and the Balboa Reservoir is the best location. Prevent homelessness while supporting individuals engaged in activities that will lead to wage increases and financial self sufficiency. Support students..provide a roof over their heads while they are in school! Help them to complete their education! Kathleen
