Subject: RE: Balboa Reservoir CAC - Next meeting 2/10 agenda & updates

Many thanks Amy. I will review and bring printed copies of these corrections for all the CAC members so that they can adopt the minutes with these changes.

Attached. As a researcher who searches stuff digitally, I think there is value in getting names right, e.g. commenters. Also Mark Dreger.

Thanks-
Amy

Hi Amy -

If you have them typed up and can email them by tomorrow then we can correct the minutes so that they can be adopted at the meeting. If not we can review them at the meeting.

Thank you!

Thanks, Leigh.

I have a list of typos and misspelled words/names on the two minutes we are to approve tomorrow. Should I pass them to you (email or in person?) or take time during the meeting to submit them?

Hello again all,

Attached please find the presentation slides for review in advance of Monday's meeting, which will focus on the project public benefits. I will bring printed copies of the presentation to the meeting for each of you.

Thank you and see you on Monday evening,

Leigh

Subject: Balboa Reservoir CAC - Next meeting 2/10 agenda & updates

Hello BRCAC Members,

Happy New Year – I am back from my maternity leave with a healthy little baby boy at home. I've resumed managing Balboa Reservoir and want to extend my thanks to my colleague Ted for filling in while I was out. I look forward to seeing you all at our next CAC meeting on Monday, February 10th. I also want to welcome Peter to the CAC and look forward to meeting him at the meeting.

On to business – please see the attached draft agenda for the upcoming meeting. The topic is a review of the project's public benefits. We will distribute presentation slides to you all next week in advance of the meeting. Please reply to myself or to Jon with any comments on the agenda (or any other topic you would like to discuss). The agenda will be circulated to the large listserv and posted to the webpage on Wednesday.

A reminder of our upcoming meeting dates, all scheduled for the second Monday of the month: February 10th, March 9th, April 13th. At the last meeting Jon raised the point that the CAC is set to sunset this spring. I want to reassure everyone that we are working with the Supervisor's office to make sure that the body will continue to meet until the project is approved later this year. We will share more details on this at the March meeting.

Thanks, Leigh
