Hi Wade and Jeanie,

I was sick so I wasn't able to attend the CAC meeting last night; Jennifer had questions about the project and sent those to me and Nora. I think some of them can be addressed by Nora, but for EP related ones, let me know if you'd like to provide any response, or we can tell her to wait till the hearing to ask these questions.

Best,

Seung-Yen

Hi Nora,

The comments I wrote and gave to Leigh for Seungyen are attached.
Hopefully you can address some of them.

After reading that the area most impacted by air pollutants is within 500 feet of the 280 freeway, I realized that parts of Sunnyside and City College are also within 500 feet of the freeway, and along with additional pollutants generated by the development could be an issue .

It's possible this was tested and is somewhere in the report, but I am not as familiar with the air quality section as someone else from the neighborhood had been working on it.

Jennifer
