Subject: Re: BRCAC CCSF TDM released and a reminder to confirm dates

Hello Mike -

I was simply awaiting a link to the study from my contacts at the College. As you have brought to our attention that it's posted on the May 14 meeting, we would be happy to post a link on the CAC website.

I gather from your memo and emails that this is a topic you would like to discuss at tomorrow's meeting. I will ensure that the presentation materials cover the topic and will be prepared to discuss it. As always, I encourage you to also reach out directly if you have questions or would like to discuss this (or any other topic).

Thanks, Leigh

After the June 10, 2019 meeting of the CAC I met with the presenter at that meeting, Vice Chancellor Sohn and Chancellor Rocha. That meeting took place on June 25, 2019. I requested that a copy of the TDM done for CCSF be sent to the CAC for review. They agreed. As you can see, it was received by the Chair of the CAC and distributed to CAC members on June 28, 2018. An important document that is considered by the CAC should not be held from the public.

Moreover, last week it was posted on the CCSF Facilities Master Planning & Oversight Committee site and is now very much a public record. Check that site. They had a meeting on May 14th at which I made public comment and I know it is public record there. However, members of the public cannot be expected to check the CCSF committee web site.

So, I again request that it be posted now so anyone commenting tomorrow night can review it.

Thank you.

Mike Ahrens

Hi Mike,

I haven't forgotten about your request. As I mentioned in a prior email, I've reached out to the College administration to get a link to the study on their website that I can post it, or to get their permission to post the document since it is not a City document. While I confirm, you can feel free to distribute it to the CAC again and your networks.

Much appreciated, Leigh

Subject: Fwd: BRCAC CCSF TDM released and a reminder to confirm dates

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Leigh:

I have requested previously that the March, 2019 TDM prepared by Fehr and Peers for City College be placed on the CAC web page so that the public has access to it. One of my requests is in the email below. I renew those requests since the public should have access to it and it impacts matters on Monday's agenda.

Thank you.

Mike Ahrens, CAC member

Leigh:

In my memorandum that I just sent to you I requested that you post on the CAC website prior to the BRCAC meeting tomorrow the Fehr & Peers TDM and Parking Plan dated March 15, 2019 which was referenced in the response of Reservoir Community Partners to questions posed by the public to the DSG. The TDM has never been put in the record of the BRCAC meetings and never published publicly to my knowledge. The public should have access to it in order to understand the response of the developer and comments of BRCAC members. It is attached below, as we received it after the June 10, 2019 meeting in the attached email. Thank you.

Subject: BRCAC CCSF TDM released and a reminder to confirm dates

Good morning,

Here's another update to fill your mailbox. CCSF has released the full TDM to a few people and now I'm relaying it to the Committee. File attached.

Also, if you haven't yet, please let me know if you will be able to make either of the proposed meeting dates for September. They are Sept 9th and 30th.

I know one or two of you have written to me with questions or comments. If I haven't gotten back to you, I will this weekend. My apologies for the delay.
