Hello Ms. Hanson,

On Wednesday, October 10<sup>th</sup>, we will be publishing the notice of availability (NOA) and notice of preparation of an EIR/notice of a public scoping meeting, which will be held on October 30, 2018, from 6:00 to 8:00 p.m. in the Lick Wilmerding High School Cafeteria (Ann Maisel Café) at [755 Ocean Avenue, San Francisco](#) The NOA/NOP will be published on [this page](#). The NOA will also be distributed to interested parties, including neighborhood groups, and anyone who is in the Balboa Reservoir outreach list, which includes people associated with City College, Riordan, and other schools in the area. I don't see your email on the list yet, but I will add you to the list of interested parties.

We will not be posting the NOA at or near the site, as that is not required nor is our general practice. We will, however, post notice at and near the site when the draft EIR is published.

Please feel free to pass on the notice to other interested parties. The purpose of the scoping meeting is to receive oral comments from the public to assist the Planning Department in reviewing the scope and content of the environmental impact analysis and

information to be contained in the EIR for the project.

Thank you.

Dear Ms. Poling,

Sunnyside Neighborhood Assn sent out a message about an EIR scoping meeting that will take place on 10/30/2018 at Lick Wilmerding.

Can you please tell me if a similar message has been sent, or will be sent to students, faculty and staff at City College? Will the same message be sent to students, staff and parents of students at Riordan High School?

Also, will notices of this scoping meeting be posted at multiple locations at City College Ocean Campus, [50 Phelan Avenue](#)? Or at Riordan Campus, also on Phelan?

Thank you,

Christine Hanson
