This webpage contains informational materials and resources only for projects that have submitted a Preliminary Stormwater Control plan (SCP) prior to May 27, 2016.

All projects that submit a Preliminary SCP after May 27, 2016 must use the Stormwater Management Requirements and Design Guidelines (SMR) at www.sfwater.org/smr to comply.

The San Francisco 2010 **Stormwater Design Guidelines** describe the requirements for stormwater management in San Francisco. The Guidelines were adopted by the San Francisco Public Utilities Commission on January 12, 2010 and have since been in 2016 updated to the SMR.
