Disposal Rate Calculator

Instructions

- Select jurisdiction name and report year.
- Enter your Disposal Reduction Credits in the spaces provided.
- Both your population-based and industry employment-based annual per capita disposal rates will automatically be calculated and displayed in the results section at the bottom of the sheet, along with your 50% equivalent per capita disposal target for population and industry employment. Your population-based rate will be highlighted below to improve readability. If you have any questions about your population-based and/or industry employment-based targets, please contact your LAMD representative.
- For a more thorough explanation of the new measurement system, go to [Goal Measurement: 2007 and Later](#).

Please note:

- Changes to any reporting-year amounts must correspond to the **same** reporting-year used in this disposal rate calculation.
- Any changes to the default numbers are in italic with yellow background.
