Wade, Chris, and Jeanie – See attached my edits on the noise chapter of the Balboa Park EIR. It does look in good shape, but there are a few comments I may want to discuss further with the consultant.

Thanks,

Chelsea

**Subject:** Balboa Reservoir ADEIR 1 noise section

Hi Chelsea,

For today's half hour I'm hoping we can go over changes to the Balboa Reservoir noise section per Jessica's changes to 3700 California to reflect that the construction equipment noise analysis will no longer include an analysis against the noise ordinance 2907(a) limit. Tracked and clean drafts are attached, as is the 3700 CA noise section. Wade needs to review this section tomorrow morning, so I would like to get the team's concurrence today.

Thanks,

Chris Thomas, AICP
