Hi Jeanie,  
I finished my review of the noise section. Internal comments are highlighted green.

Let's go to noise office hour Monday to resolve a few things.  
Thank you,

Hi Jeanie,

I finished my review of the AQ section. Internal comments are highlighted green.

I drafted a response to comments about the feasibility of the mitigation measures. You may need to slightly revise them depending on the outcome of our conversation with the team tomorrow at 9 am. As I note, we didn't discuss the haul truck feasibility portion with Lisa though.

Thank you,

Hi Jeanie,

I finished my review of the Initial Study. Please pass the Introduction, PD, and Initial Study onto Lisa. I will talk to you at ~10 am.

Thank you,

Hello Jeanie and Liz,  
Thus far, I have reviewed:

- Acronyms
- Introduction
- Project Description
- Transportation – we are closer, but main items to resolve are loading and transit delay
- Report Preparers
- Appendix H

**Green** highlighted comments are internal, except for the alternatives section where my internal comments are in **pink**.

I am also attaching my revisions to MTA's comments. Liz, please relay to MTA that we wish they could have flagged many of their comments in ADEIR-1 review or reviews in the falls of technical agencies.

My priority for next reviews, in order, will be:

- Initial Study (after my review, please send the Initial Study, introduction, and project description for Lisa's review)
- Air Quality
- Noise
- Alternatives
- Everything else

Thank you and good work,

**Wade Wietgreffe, AICP, Principal Planner**

Hi Wade,

All documents to review and update are in this folder(including a pdf of just the figures).

M:\Planning Production\PPTS Records\2018-007883ENV\_Balboa Reservoir\5\_Environmental Documents\EP to update ADSEIR-2

Yellow highlights are internal or unresolved.

Hi Wade,

These sections are ready for your review:

1-Intro

2-Project Description (one minor question for Liz)

3A-Impact Overview

3D-AQ (minor questions for Josh, who said he'll look at it when he comes in on Monday)

4-Other CEQA

5-Variants

6-Alternatives

**If the cross reference field track changes are distracting while you edit the Word documents, please take the following steps: (1) turn off track changes, (2) select all (ctrl+a), (3) press F9. Taking these steps will clear up the cross referenced fields. Turn track changes back on and you can continue with edits.**
