Ahoy – we have a presentation BEFORE the CAC mtg ☺  
Haven't looked at it yet, but thought you all would like to know there is better cooperation happening at least at some levels ☺

Cheers

Thanks Peter. I've reviewed and have a comment – I will present agenda item 3 (milestone schedule) and will discuss possible topics for future CAC meetings. I'll prepare my own slides. Please delete slides 2-4 from your presentation, which should focus on the design item.

I will send this to the CAC members today for their advance review, and I will remove slides 2-4 and replace with my own.

Attached is a draft of our presentation for the 3/11 CAC. We are still tuning up the graphics and content but this is fine to share with CAC members as a preview. Let us know if you have any questions or suggestions.

Thanks Peter. It looks like the schedule on slide 4 is still accurate – do you agree? I'd like to use that one. Do you have it as an editable file or did it come from Planning?

Joe asked that we forward the graphic schedule that we have used most recently for CAC meetings. Attached is a powerpoint with our slides from CAC in April, July and October 2018. As you can see it is more of a menu, each slide addresses a different time frame. The last slide is the most current, We used a version of this in the initial DSG draft, attached as a separate image. Let us know if you want to modify these slides, glad to help
