Jeanie:

As you can see from the email exchange below, I am a member of the CAC for the Balboa Reservoir project and also a member of the Board of Directors of the Westwood Park Association. Thank you for confirming that you are the environmental planner assigned to the Balboa Reservoir project. Can you please add my name and email address to the CEQA distribution list for the Balboa Reservoir project, if it is not already on your list.

Thank you.

The environmental application is available through the San Francisco Property Information Map (<http://propertymap.sfplanning.org/>). Search for "Balboa Reservoir" on the left, then select the Planning Applications tab on the right. See 2018-007883ENV, and under FURTHER INFO, click Related Documents. You'll find the environmental application, drawings and narrative we received on 6/1/8, and some updates we received on 7/13/18.

Virna opened the ENV and PRJ cases and assigned the ENV to me, but the PRJ has not been assigned yet. You'll see a new planner's name associated with the PRJ case when it's assigned, and the status will change from "open" to "under review."

I understand certain documents were filed in June by the developer relating to their application. You are listed as the Planner in charge of this, and listed as a person we can contact with questions. I could not find these documents on line. Can you please email to me all documents in this file for review? Thank you.
