Subject: checklist
Attachments: 5M D4D Standards Table.docx

Hi Karen,

Thanks for checking on this. There was some miscommunication internally. I just confirmed that the check list wasn't included in the TI D4D. Sorry about the confusion.

I've attached the one for the 5M D4D as an example. For this round, we don't need to fill in the standards column, but having a template like this in the appendix would be great.

Please let me know if you have any questions.

Thanks,
Seung Yen
