Subject: Balboa Reservoir Project - Infrastructure Plan Full Draft #1 for review

Importance: High

Hello all,

Enclosed you will find a download link to the first full draft submission of the Balboa master infrastructure plan for all staff review. I request that you distribute this to all of your department's reviewing staff and collect all comments using the attached matrix. You will find each department's prior completeness comments included already on the matrix with team responses for clarity. I have also attached a cover letter describing the ongoing discussion for Lee Avenue so that staff is aware.

Download the Balboa MIP here: https://bkf.sharefile.com/share/getinfo/sfed4f99b1bc40b08

For those of you that requested hard copies – they are being produced and will be delivered tomorrow in the quantities and to the addresses that you provided me.

Please compile all staff comments within 45 days and reply to me with your comment matrix by Friday, May 3<sup>rd</sup>.

Reach out at any time with questions. I've copied the project team as well.

Thanks, Leigh
