Thanks. I removed the question about RPP because it didn't seem CEQA related (unless I missed how it was related—let me know). But, for your information, a project can elect to restrict its buildings/tenants from RPP eligibility. I don't think the City can require them to self-restrict. But, there have been conversations around the project self-restricting and that would become part of their project description.

Hello all,

The first administrative draft of the Balboa Reservoir EIR is out. Please review and send me comments **in the attached table by March 12.**

Reminders:

- Please charge your time to the Balboa Reservoir project (10001722.PLN0023-02)
- Comments on the ADEIR should focus on anything that is new/changed/or didn't get corrected from comments on previous versions—that is, it's not the time to bring up new issues, unless they relate to new information.
- Be specific and actionable in your comments

Many thanks.
