Subject: Upcoming BRCAC Meeting 6/10 - agenda
Attachments: balboareservoir_CAC_Agenda 06-10-19.docx

Hi Jon,

I hope you are well! Seung-Yen and I have assembled the draft agenda for the June CAC meeting and invite you to review it. Please see the formal agenda attached. The two main presentation items are:

1. **Draft Environmental Impact Report ("EIR") Update. (Discussion Item)** 6:10 – 6:40 PM
Review of the Draft EIR status and schedule for public review and comment.
2. **Updates from City College of San Francisco ("College"). (Discussion Item)** 6:40 – 7:10 PM
Presentation of the College's TDM and Parking Plan and Facilities Master Plan.

Let me know if you have any questions or comments. Feel free to share this with the rest of the CAC for any input. Otherwise, I am happy to distribute the agenda to the members. Once reviewed we'll post it to the CAC website for public access.

FYI – I've pasted my list of the members' current email addresses for your reference, see below.

Thanks! Leigh
