Did we ever receive a counter-signed version of this ENA extension?

Just to clarify... you guys can have our original wet-signed executed version. We'll live with an electronic copy.

CJ,

We would like a wet signature; however, if Betsy approves scanned signatures, we will follow her direction.

Rosanna - We're willing to rely on a scanned copy of the fully executed original. Our guys only signed one copy. Do we need to go back to them for another?

Betsy – Attached is a scanned version of the ENA extension executed by BRIDGE and AvalonBay. Should we also send along wet-signed versions? Regardless, when you have a moment, could you please send us a countersigned version at your earliest convenience? Thanks, -CJ
