Subject: WSAs and resolutions from May 28
Attachments: Balboa Reservoir.zip

Hi Chris,

Please find attached the final signed WSAs and signed resolutions from yesterday's Commission meeting. Day-of edits made to the Sections 4.2 (footnote) and 4.3 (4th bullet point) are also attached and shown in tracked changes – these are the in PDFs with “redline” in the file names. There are a total of five zip files, one for each project. Thanks and congrats on helping to get this first batch approved!

I will be out on vacation June 3-18, but have the next set of WSAs lined up for June 11. Those WSAs will include all the latest edits that were made to this first batch. Please keep an eye out for the June 11 agenda at <https://sfwater.org/index.aspx?page=1265>. It should be posted by COB June 6.

Call me with any questions.
