I think we should do it if we can – if not at this meeting then at their next one.

I am available if we're near the start of the agenda next Tues. (Need to check in tonight and see what time I'd need to leave by.)

Hi all –

See below request from Mark Tang. Seems like we should be able to create a version of our CPC presentation for this purpose. I am inclined to accept – I am available that night. Perhaps one other person could join me from developer team? Obviously welcome as many as want to come. Thoughts?

Hi Leigh,

If you are available for the Full CAC meeting, we typically meet at 5:30pm at SFPUC's headquarters at 525 Golden Gate Ave. The Full CAC hasn't heard updates on the Balboa Reservoir in close to two years but was engaged during the development of the RFP. IT would be great if you had a presentation that has already been presented recently that could be brought to this group before the EIR gets released.

Thanks,  
Tracy Zhu

Hi Leigh,

It was good to see you last night at the Balboa Reservoir CAC meeting. As you're aware, I sit on the SFPUC CAC seat on the Balboa Reservoir CAC. As we're getting closer to the Draft EIR being released, I wanted to reach out to see if staff and/or the project sponsors would be able to attend the next SFPUC CAC meeting.

The SFPUC CAC has supported the Balboa Reservoir development and it's been a while since they've received a complete update on the status and progress. There is strong interest in continuing the conversation.

The next SFPUC CAC meeting is scheduled for next Tuesday, June 18, 2019 - I know this is short notice, but I was hoping you or other staff at OEWD could attend and give an in-depth update on progress and next steps to the full SFPUC CAC.

I've also copied Tracy Zhu, the SFPUC CAC staff liaison.

Thanks!

Mark
