Hello Ms. Wilson,

Thank you for your comments. The scoping period for the draft environmental impact report (DEIR) was last fall, and we will be publishing the DEIR on August 7. It will cover impacts on City College. Here are links to the notice of availability and notice of preparation of the DEIR.

http://sfmea.sfplanning.org/2018-10-10_NOA_Final_clean.pdf

http://sfmea.sfplanning.org/2018-10-10_NOP_Final_clean_signed.pdf

You are welcome to submit comments on the DEIR. I will send you a notice of availability when it's published.

Sincerely,

Jeanie Poling

Hello,

Please see that the Environmental Impact Report for the Balboa Reservoir Project considers all of the negative impacts it would have on City College of San Francisco, including a drastically shrunken Performing Arts Center, drastically reduced parking, traffic congestion, noise, and at this point, no truly affordable housing. PUC should either continue the current lease to City College which has been in place since 1958 or consider transferring the land once and for all to the College for public benefits which then could include truly 100% deeply affordable housing.

Thank you,
Dina Wilson
