Subject: City College - Facilities Master Plan & Balboa Reservoir Update

Hi Jenny,

I wanted to touch base with you regarding some developments with City College and their effort to finalize their Facilities Master Plan for their main campus. As you know, our office had been working with them to make sure we have their support for the Balboa Reservoir housing project. Concurrently, Planning and SFMTA have been working with the College to provide feedback on the Facilities Master Plan (on land adjacent to the Balboa project).

I will explain more detail on the phone – but I wanted to let you know that the departments have faced a lot of resistance from City College in their FMP efforts. Ken is reaching out to the Chancellor today to express our concerns. Ken and I wanted to make sure you were up to speed as well. The time-sensitive element is that the College is poised to approve the FMP at their Board meeting tomorrow.

Let me know if you have a few minutes to chat today or tomorrow. Thanks! Leigh
