**Subject:** Balboa Project & SFUSD

Hi Jenny,

As you know, the Balboa Reservoir developers have been working with City College to ensure that we're collaborating on mutual goals for the College and the community as we approve and implement the project. One of the key elements for City College has been to dedicate a portion of the moderate-income affordable housing to City College faculty and staff. The developers have pursued this idea and have an initial proposal.

I want to talk to you about potentially expanding this educator housing to SFUSD faculty and staff as well. I'll also be reaching out to Myong Leigh and Viva Mogi to discuss it with them, as they are the City's key contacts on the other potential SFUSD development sites.

Do you want to meet sometime later this week or next week? Thanks! Leigh
