Hi Christine,

Sorry for the delay – staff was out for summer vacation last week. I've checked the files and have spoken to the staff that coordinated the first meeting. There was no audio recording for the first meeting. Audio recordings are not typical for CAC meetings but are done on request, and I see in item 3 b of the minutes that there was indeed a request for audio recording at subsequent meetings. I've attached the meeting minutes that were approved by the CAC here.

Thank you, Leigh

Hello again!  
I'm wondering what happened to my request to hear the audiotape from the August 26, 2015 Balboa Reservoir CAC meeting?  
Am I sending this message to the right person?  
Thank you,  
Christine Hanson

Dear Ms. Lutenski,

I would like to listen to the audiotape of the Balboa Reservoir CAC meeting held on August 26, 2015 but there doesn't seem to be a link to the tape from that meeting on the website. Could you please help me to locate it?

Also, the minutes from that meeting don't include any portion of Michael Carlin's (of SFPUC) presentation. Is there some notes from that portion of the meeting somewhere? I would like to read them.

Thank you!
