**Subject:** Project description edit

Hi Susan,

In response to Karen's previous email concerning Figure 2-18 showing construction parking in the SFPUC ROW, Leigh and Wade agree that it is ok to make the text edit as proposed and leave the graphic as is. The proposed text edit and figure are both un-specific enough to allow for resolution either way in the future and including or excluding this text or information in the figure will not materially affect the analysis or conclusions.

Thanks,
